Watergirl Rosé

When the carefree days of spring and summer roll in we all need an ally to make the day even better. Syrah, Carignan, Grenache and a smidging of Pinot Noir play together to layer rose petals and strawberry notes with just a tad of earthiness, all enveloped with a great minerality. Too many great food pairings to mention...

Salmon Tartare / Bouillabaise

Arugula and Grilled peach salad / Grilled sausages

A walk on the beach at sunset
